EXECUTIVE SUMMARY

These 11 updated Standards reflect National CASA/GAL's focus on becoming a highly effective organization at the national level and desire to see highly effective organizations on the state and local levels. They also represent as our collective unwavering commitment to providing quality volunteer advocacy for children who have experienced abuse or neglect. Texas CASA worked with Regional Representatives and select local programs across the state to incorporate the new National CASA Standards as well as legal requirements of CASA programs and Texas-specific Standards. A public comment period was also provided to incorporate network input into these requirements.

The objective of Standards for Local CASA/GAL Programs is to set performance levels for local programs to ensure quality, while allowing individual programs the room for creativity and innovation. A set of quality standards to measure a program's operations demonstrates that a program:

- Respects and is committed to quality for the children and families served and that volunteers provide best-interest advocacy
- Utilizes established policies and procedures necessary for effective management and governance
- Manages their financial affairs prudently, are financially sound, and are committed to the principles of public disclosure
- Continually evaluates its services and operations
- Works positively and collaboratively with their stakeholders, other local programs, Texas CASA and with National CASA/GAL
- Recruits, trains, develops and supports a high-caliber team through effective human resource practices

Programs participate in standards-based quality assurance (QA) reviews which foster greater awareness among staff, volunteers and governing bodies about how the programs are governed, operate, and execute our shared mission. Texas CASA is strongly committed to high-quality best-interest advocacy and will support this commitment through dedicated technical assistance to the local network to achieve these Standards.

HOW TO USE THE STANDARDS

The document provides a framework for quality program management and operations excellence for nonprofit CASA/GAL programs. The document is organized into sections dealing with specific areas of program management. Each section begins with a standard. There are 11 standards for local CASA/GAL programs. The order of the standards does not in any way represent importance; they are all equal in stature.

The standard statement in each section defines the overall approach to manage a particular aspect of program operations. Under each standard, “Elements of Practice” are provided as indicators for how the standard is implemented. Elements of Practice operationalize the standards by specifying activities, policies and/or processes for a local program to have in place to adhere to and to carry out the intent of the overall standard.

Texas CASA Standards include the National CASA/GAL standards as well as state laws, regulations and court rules that apply to CASA. State laws take precedence over National CASA/GAL Association standards and Texas CASA standards.

A Glossary of Terms is provided as a complement to the standards to provide a definition of select terms. The first use of each term in the Standards at a Glance and the Elements of Practice is linked to the term in the glossary.

The Documentation List is organized by standard and is designed to itemize the documents or type of documentation that will or can help to substantiate the Elements of Practices for the respective standards. Though all documentation is requisite, a series of the documents will be required to be submitted to National CASA/GAL or Texas CASA as a part of the QA process, depending on who is conducting the audit.

Generally Accepted Accounting Principles (GAAP) apply to independent audits and reviews. Therefore, management's financial statements must be prepared in accordance with GAAP and the auditor must follow generally accepted auditing standards. Internal controls are evaluated and transactions are tested for legitimacy and separation of duties. These tests provide a basis for an audit opinion which will state the accuracy of the financial statements.

Best Interest

"Best Interest" is always the primary consideration of the court in determining the issues of conservatorship, possession, well-being, permanency and access to the child. Section 263.307 of the Texas Family Code provides factors that can be considered when determining the best interest of the child.

Case

A Suit Affecting the Parent Child Relationship (SAPCR) or in the conservatorship of the Department of Family and Protective Services (DFPS) before the court for abuse or neglect involving one child or a sibling group.

Core Model

The National CASA/GAL Association Core Model identifies the foundational elements of CASA/GAL best-interest advocacy. This includes guiding principles, types of cases served, primary activities performed by CASA/GAL volunteers, parameters for staff serving cases and the screening, training and supervision requirements.

Child Protective Services (CPS)

Child Protective Services (CPS) is a division of the Department of Family and Protective Services (DFPS). CPS investigates reports of abuse and neglect, provides services to children and families, obtains placement for children in foster care and provides case management services. CPS duties may be assumed under Community-Based Care by a private agency for a defined geographic area.
