IMPACT REPORT

TEXASCASA
Court Appointed Special Advocates
 **FOR CHILDREN**

VISION

Texas CASA envisions a safe and positive future for all Texas children.

MISSION

Texas CASA's mission is to support local CASA volunteer advocacy programs and to advocate for effective public policy for children and families in the child protection system.

THE CASA WAY

We have an uncompromising belief that we will achieve what others think is impossible, and each of us is an essential part of the solution.

GUIDING PRINCIPLES

- i. Texas CASA commits to prioritizing keeping families together whenever safely possible, with a focus on child and family wellbeing and stability.
- ii. Texas CASA is committed to supporting programs in advocacy for children and families of all cultures, abilities, identities and backgrounds.
- iii. Texas CASA commits to destigmatizing issues faced by families within the child welfare system.

LETTER FROM LEADERSHIP

Texas CASA connects the CASA network and statewide partners to proactively work toward our shared vision of a safe and positive future for all Texas children and families. As a membership organization, Texas CASA provides services and assistance in six core areas: Accountability, Awareness, Education, Leadership, Policy and Support. Together, we work on behalf of children and families across the state.

This past year we were honored to welcome CASA of Milam County to the statewide network as the 74th program in Texas. With this addition, CASA is now proudly serving 220 of our state's 254 counties! Our goal of serving all Texas families and children in the child welfare system is closer than ever before.

An essential role of being a CASA volunteer is monitoring the safety of the children served. Children in the foster care system are at a higher risk of being exploited, and it is up to all of us to be vigilant and help keep these children safe. This is why Texas CASA developed the CASA Anti-Child Trafficking framework known as CASA ACT to provide resources, training and coordination of services. Our newest resource developed in 2023, ***Advocacy for Youth Affected by Sex Trafficking: A Guide for CASA Volunteers & Staff in Texas***, is a guidebook for CASA volunteers and staff on best advocacy practices for young people impacted by sex trafficking.

In the state of Texas, approximately 47% of children in foster care are ages zero to five. This is the largest population that most CASA programs in Texas serve, making it key for volunteers to understand the challenges and needs associated with advocating for this most vulnerable population. In partnership with Child Advocates of Fort Bend, Texas CASA released the ***0-5 Advocacy Guide, Little People***.

Big Impact. in 2023. This guidebook is full of information central to early childhood development and parent-child attachment, with an emphasis on how CASA can help parents gain confidence in themselves and their parenting style. Texas CASA is thrilled to have been an integral part in the creation of such a powerful resource for the local CASA programs.

The Texas CASA team is continuously working to provide tools, resources and training that support all areas of nonprofit management, local operations and quality advocacy. Our hope is to help the CASA network operate at its highest level every year. The work we do wouldn't be possible without our dedicated supporters like you. Thank you for championing the Texas CASA mission. Together, we will build a more promising future for Texas children and families.

Vicki Spriggs
Texas CASA CEO

Melissa Jones
Texas CASA
Board President

"The work we do wouldn't be possible without our dedicated supporters like you.

Thank you for championing the Texas CASA mission."

CASA VOLUNTEERS ARE OF, AND FOR, THE COMMUNITY.

Court Appointed Special Advocate (CASA) volunteers are everyday people from the community appointed by a judge to look after a child's best interests while they're in foster care.

CASA volunteers are well-trained and work to address a child's needs around safety, permanency, connections and well-being.

They represent the best interest of the child in court, help ensure the child is safe and advocate to keep families together when it is possible. CASA volunteers learn about the child by getting to know the child's family, the child's community members (caregivers, foster care providers, doctors, therapists, teachers, etc.) and the child's legal team (their attorney and caseworker).

CASA volunteers support children and families involved in the child welfare system.

CASA volunteers provide a consistent presence for the child and family. They stay by a child’s side throughout the case, advocating first for reunification when safe and possible. CASA volunteers also help maintain and facilitate nurturing relationships for the child while helping to find, engage and strengthen a support network for the child and family.

Texas CASA had the honor of presenting Judge Angela Graves-Harrington with the Texas CASA Judicial Innovation and Leadership Award in 2023 at the Children’s Commission and Office of Court Administration’s annual Child Welfare Judges Conference.

“Our child advocates have been phenomenal. It’s all about the collective effort and being trauma-informed and trauma-responsive.”

—JUDGE GRAVES-HARRINGTON

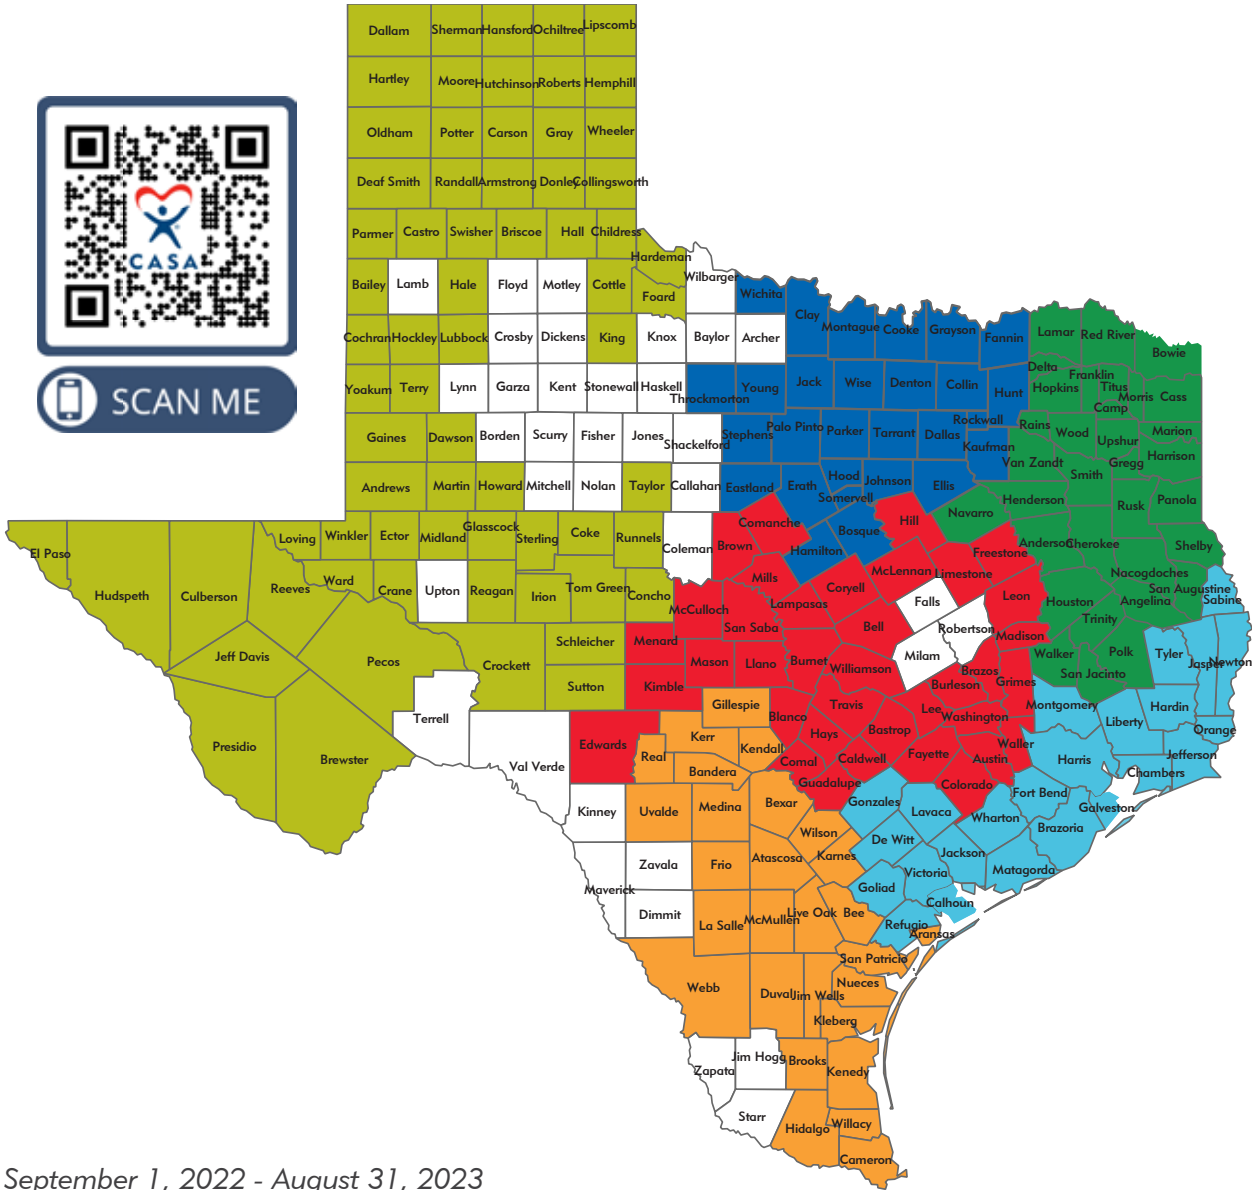

Administrative Judge of the Harris County Board of Family District Judges and presiding Judge over the Harris County 246th Family District Court

The data presented is self-reported from the local CASA programs. If you have questions related to the data, please reach out to the Texas CASA data team at tcims@texascasa.org.

**At the end of FY23 Mexia had not yet met the Texas Administrative Code (TAC) requirements to receive state funding.*

THE TEXAS CASA STORY

Texas CASA is the statewide association for 74 local CASA programs. As a membership organization, Texas CASA works to connect each part of the CASA community and empower the local programs to perform at their highest level. At the local level, the programs recruit, train and supervise Court Appointed Special Advocate (CASA) volunteers to advocate for children involved in the child welfare system and improve their well-being. At the state level, Texas CASA provides financial support, training and services to support CASA programs in Texas.

Texas CASA was founded in 1989 from a desire of the original 13 programs to establish a statewide hub — an organization belonging to everyone in Texas where communities could get the funding and expert support needed to form their own CASA programs.

TEXAS CASA SERVICES IN ACTION

AWARENESS

Texas CASA creates and oversees a statewide marketing campaign to increase public awareness, recruit volunteers and reinforce local marketing efforts with billboards, radio, television and social media advertisements.

Digital Truck Tour

In honor of National Child Abuse Prevention Month in April, Texas CASA launched a 19-city Texas tour to bring awareness of the need for more dedicated community members to become CASA volunteers to advocate for children who have experienced abuse or neglect in Texas.

The Texas CASA mobile truck tour traveled to 19 Texas cities sharing educational messaging about National Child Abuse Prevention Month and encouraging Texans to sign up to become a CASA volunteer. The bright mobile truck shared videos, graphics, and included the [BecomeACASA.org](https://www.becomeacasa.org) URL where people can sign-up to become a CASA volunteer.

Clergy, CASA & Community

Texas CASA's Clergy, CASA & Community (CCC) initiative seeks to build a network of faith communities and leaders who will commit to speaking up for children in foster care and their families. The initiative began in 2021 with three pilot programs. Thanks to the dedicated partnership between the local programs and Texas CASA, the CCC initiative has expanded to 23 CASA programs all across the state! These 23 programs are working diligently and have engaged close to 200 religious groups as of July 2023.

Continuing Education Podcast

Learning and Development Manager for Pre-Service Training, Margaret Halpin, launched the continuing education podcast in 2019 as a way to provide CASA volunteers with engaging and relevant training designed to help strengthen advocacy for children and families. Each short, dynamic episode features informative discussions with subject matter experts exploring topics connected to child welfare and best practices for CASA advocacy. Margaret's thoughtful planning and informative discussions have been a true success. In August 2023 the podcast hit over 25,000 downloads! The podcast is available for streaming on Apple Podcasts, Google Podcasts, Stitcher and Spotify.

Final Distinguished Speaker Series

The Distinguished Speaker Series was back for the last time in 2023! This year's series *Advocacy from the Bench* was an opportunity for the CASA network and other community partners involved in the child welfare system to learn about four honorable judges from across Texas:

**JUDGE DELIA
GONZALES**

*Associate Judge for the
Child Protection and
Permanency Court in
Dallas County*

**JUDGE ROB
HOFMANN**

*Judge of the 452nd
Judicial District in five
Hill Country counties*

**JUDGE AURORA
MARTINEZ-JONES**

*Judge of the 126th
District Court in
Travis County*

**JUDGE CARLOS
VILLALON JR.**

*Associate Judge for
the Child Protection
Court of the Rio Grande
Valley West*

The multi-part series featured these high-caliber speakers sharing their background and expertise on topics and issues impacting the child welfare system.

POLICY

Texas CASA collaborates with stakeholders, the state child welfare system, and elected officials to ensure public policies focus on issues affecting children and families in child protective services.

CASA Day at the Capitol and Legislative Reception

On March 1, 2023, the CASA network rallied at the Texas State Capitol for CASA Day at the Capitol. The event brought together more than 280 members from 48 of the CASA programs from across the state to meet with lawmakers about Texas CASA's legislative priorities and funding.

In addition to over 145 meetings with legislators and their offices, the day included both Senate and House Resolutions by Senator Lois Kolkhorst and Representative James Frank celebrating the CASA network's contributions. In the House, Rep. Frank honored every CASA volunteer for advocating for children in the foster care system with House Resolution 426.

"They [CASA volunteers] advocate for those who are most vulnerable in the state, and they do a great job speaking out for the best interests of children," said Chairman Frank during the House Resolution.

Senator Kolkhorst recognized CASA Day at the Capitol with Senate Resolution 256. She thanked volunteers for all of the care, emotion and time put into giving a voice to the children.

The night before CASA Day at the Capitol, Texas CASA hosted a Legislative Reception. This new event was an opportunity for Texas CASA and local CASA programs to network with Texas Legislators and their staff in an informal setting.

(left to right) Texas CASA Public Policy Director, Sarah Crockett, Public Policy Specialist, Stephanie Battaglia and General Counsel & Chief External Relations Officer, Amanda Arriaga

"Those volunteers represent what is best about all the people of Texas."

—SENATOR KOLKHORST

➤ **Attorney ad litem (AAL):**

An attorney who provides services for the purposes of the legal action only, including representation of a child, and who owes to the person the duties of undivided loyalty, confidentiality and competent representation.

➤ **Guardian ad litem (GAL):**

A person appointed by a judge to represent the best interests of an allegedly abused or neglected child; in many counties the GAL is the CASA volunteer.

Bills Passed That Impact CASA

Senate Bill 1930 by Senator Kolkhorst ensures children in foster care spend more time with families rather than in facilities by enhancing legal representation, including GAL powers and duties, while children are in facilities and requiring judges to actively monitor progress and the timeline for a swift return to families. When a child is placed in or referred to a Residential Treatment Center for placement, the AAL and GAL must ask the child about their opinions and concerns regarding placement, as well as review information to ensure the placement is appropriate to meet the child's needs. Furthermore, the AAL and GAL may request a placement conference, as well as participate in any conferences conducted by DFPS or the child's treatment team.

House Bill 474 by Representative Hull requires CASA programs to have a grievance policy and requires reporting of active and inactive volunteers.

EDUCATION

Texas CASA brings the CASA network and the child welfare community together to educate and inform for a better understanding of the system and the existing needs of children and families involved in foster care.

In FY23, Texas CASA hosted 244 in-person and online trainings with a live facilitator for local CASA program staff, board members and volunteers.

- **25,253** total hours of training provided
- **446** hours of facilitated training provided by Texas CASA employees
- **9,981** attendees

CASA College Numbers

- **8,769** courses completed
- **17,401** credit hours
- **3,764** new users enrolled

SUPPORT

Texas CASA provides access to information, training and technical assistance so that local CASA programs may continue to grow their efforts to ensure children and youth are safe and supported.

Collaborative Family Engagement (CFE)

CFE is a team-based approach between local CASA programs and Child Protective Services (CPS), as well as Single Source Continuum Contractors (SSCCs), to engage, find and work with family members and fictive kin in the creation and development of a lifetime network for young people in the foster care system. One of the goals of CFE is to help children achieve strong connectivity and permanency faster, preferably with relatives or other trusted loved ones. In collaboration with the Department of Family & Protective Services (DFPS), local CASA programs and community partners, we are working to ensure that every child in foster care has the opportunity for lifelong connections.

CFE Symposium

Texas CASA, DFPS, CPS, SSCCs and local CASA programs came together in May 2023 in Denton, TX, for the inspiring two-day Symposium: CFE for All. A total of 237 attendees, including 14 Texas CASA staff, united in support of a common goal to keep Texas children, parents and families (safely) together.

Event attendees experienced engaging learning activities and multiple opportunities to hear from the keynote speakers Dr. Amelia Franck Meyer and Kevin Campbell.

“I have witnessed a family restore a broken relationship of over 12 years as they came together for the best interest of a child, and to have a relationship with other family members. That relationship is stronger now than it has ever been and the child in foster care will be returning to that family soon, with more connections, more family and a life of love and healing.”

—KAREN FOYIL, CFE Lead at
CASA of Liberty & Chambers
Counties

COLLABORATIVE FAMILY ENGAGEMENT

CASA ACT Initiative

Texas CASA developed the CASA Anti-Child Trafficking framework known as CASA ACT to provide resources, training and coordination of services. Youth who have been affected by trafficking in foster care need CASA volunteers who are well-trained, connected and prepared to support their specialized needs. CASA ACT is a call to action for the CASA network in Texas. The aim is to do more than “see something, say something,” and to educate, protect and provide skilled support when youth have been exploited. With identification and consistent supportive intervention, the victims of child sex trafficking can begin to heal.

New Guidebooks

Little People. Big Impact. Advocacy for Infants and Young Children Guidebook

This guidebook serves as a resource guide, providing information, tools and strategies which can be used in advocacy work for children 0-5 years old. Full of information central to early childhood development and parent-child attachment, the guidebook shares tools for how to gather information on children’s health and medical care, monitor children’s cognitive

and developmental milestones, and facilitate connections between families of origin and foster families to build support networks. With an emphasis on how to support parents during parent-child visits, the guide shows volunteers how to amplify parents’ positive traits observed during parent-child visits and help parents gain confidence in themselves and their parenting style.

Special thanks to our sponsor:

The Advocacy for Youth Affected by Sex Trafficking Guidebook

The *Advocacy for Youth Affected by Sex Trafficking* guidebook walks the readers through understanding child sexual exploitation from the scope of the problem to how sex trafficking happens, as well as, what CASA volunteers and staff can do to provide prevention methods and support to youth affected.

Special thanks to the many groups doing anti-trafficking work in the United States, including Dallas CASA and the Modern Slavery Project at Loyola University New Orleans for sharing their knowledge and research.

LEADERSHIP

Texas CASA provides innovative trainings, mentorship and resources that helps build strong local CASA program board members, executive directors and staff so that they may better serve children and families.

Quarterly CASA Board Talks

Based on feedback from the Texas CASA Annual Survey in FY22, Texas CASA hosted quarterly meetings in FY23 for local CASA program board members to come together and share information on varied topics.

Update to Executive Director Guidebooks

Texas CASA released three resource manuals for executive directors to aid in day-to-day operations for their program in October 2017. The Governance and Administration manuals were updated in FY23. Each manual is designed as an easy, go-to quick reference guide, complete with samples, checklists, guidelines, and materials for programs to help answer questions or to customize based on program practices.

Quarterly Executive Director Zoom Meetings

Each quarter, Texas CASA hosts a two-hour, virtual meeting where timely updates are shared, and challenges and opportunities for the CASA network are discussed. The meetings often cover many aspects of operations, including Governance, Administration, Finance and Risk, Volunteer Management and Advocacy.

“It is crucial for new EDs to connect with each other in a safe space in person.”

CELESTE PRATHER, *Texas CASA Program Operations Director*

TEXASCASA
Court Appointed Special Advocates
FOR CHILDREN

THREE WAYS TO GET INVOLVED WITH CASA

1. VOLUNTEER. Help amplify a child's voice during their time in foster care. Get started today at [BecomeACASA.org](https://www.becomeacasa.org).

2. NOMINATE. Put in a good word for us by letting your friends and family know they have what it takes to be a CASA volunteer! Nominate them today at [NominateACASA.org](https://www.nominateacasa.org).

3. DONATE. A donation to Texas CASA is an investment in the statewide CASA community and the future of Texas children and families. Make your gift today at [TexasCASA.org/donate](https://www.texascasa.org/donate).
